

HAPMAN

- Helix® Flexible Screw Conveyors
- Tubular Drag Conveyors
- Vacuum Conveyors
- Bulk Bag Fillers and Unloaders
- Bag Compactors & Dump Stations
- Autonomous Material Conveyor Systems

MIXSYS

- Mixers – paddle, ploughshare, ribbon, quick clean
- Rotary drum, vertical, & specialty mixers
- Bin activator, hammermills
- Quick clean lump breaker

pe:etron

- Pneumatic Conveying Systems
- Dedusters®
- Pellbow® Elbows
- Medium and High Pressure Rotary and Diverter Valves

- Screw Conveyors
- Screw Feeders
- Drag Conveyors
- Industrial Bucket Elevators

- Pneumatic Dense Phase Conveying Systems
- 50-lb Bagger for USDA/Sanitary Applications
- Moovinator Top/Horizontal Load Filter Receiver
- Dilute Phase Vacuum Conveying

- PowerCore® Dust Collectors
- Torit Downflo® Evolution Dust Collectors
- Dalamatic® Dust Collectors
- Filter Bags & Cartridges

ALLGAIER

- Gyratory Motion Screening
- Mogensen MikroSort® Sorting Systems
- Fluidized Bed, Drum Dryers & Coolers
- Mogensen Sizer

- Compact Sieves check-screening
- Round Separators for grading dry materials up to five fractions
- 3in1 Bag Dump Sieve Station
- Ultrasonic Sieve deblinding system
- Rescreening Programs available

- The world's fastest continuous motion vertical form fill seal packaging machine
- Rugged, sanitary & compact intermittent motion VFFS bag-makers
- Premade pouch & stick pack machines
- Full line integration, carton/case packing, and robotic palletizing

- Parallel processing system for increased production & decreased downtime
- Cone Valve for auto discharge of challenging powders
- IBC Blender for Industrial powder mixing
- IBCs for the processing, storage & transport of bulk material
- IBC based systems for filling, discharging, mixing & cleaning
