

## **Acrison**

- Volumetric & Gravimetric
- Weight-Loss-Differential Feeder
- Batch/Dump Weighing Systems
- Weigh Belt and Weigh Auger
- In-Line Weigh Feeder / Flowmeter
- Continuous Volumetric Blenders

## **MIXSYS**

- Mixers – paddle, ploughshare, ribbon, quick clean
- Rotary drum, vertical, specialty mixers
- Bin activator and hammermills
- Quick clean lump breaker

## **pe::etron**

- Pneumatic Conveying Systems
- Dedusters®
- Pellbow® Elbows
- Medium and High Pressure
- Rotary and Diverter Valves

## **HAPMAN**

- Helix® Flexible Screw Conveyors
- Tubular Drag Conveyors
- Vacuum Conveyors
- Bulk Bag Fillers and Unloaders
- Bag Compactors & Dump Stations
- Autonomous Material Conveyor Systems

- Screw Conveyors
- Screw Feeders
- Drag Conveyors
- Industrial Bucket Elevators
- Belt Conveyors, Pulleys, and Idlers

## **ALLGAIER**

- Gyrotory Motion Screening
- Mogensen MikroSort® Sorting Systems
- Fluidized Bed, Drum Dryers & Coolers
- Mogensen Sizer

- Torit Downflo® Evolution Dust Collectors
- PowerCore® Dust Collectors
- Dalamatic® Dust Collectors
- Filter Bags & Cartridges
- Replacement parts and filters

## **REMBE®**

- Experts in pressure relief & explosion safety products & services
- Dust Hazard Analysis and Custom Engineered Solutions
- Full range of Passive, Flameless Venting, and Chemical Suppression
- Explosion Detection, Mitigation, and Isolation Systems per NFPA

- Rotary Sifters and Air Classifiers
- Rotary Airlock Feeders (NFPA-69 Compliant)
- Rotormills and Rotor Dryers
- Lump Breakers and Hammermills
- Fine Grinders and Air Classifying Mills

[josh@aprotec.com](mailto:josh@aprotec.com)

- Compact Vacuum Transfer Systems
- ATEX-rated and Simple Quick-Clean
- Compressed Air Driven Technology
- Sanitary, Safe and Gentle
- Industrial, Food, Pharmaceutical Applications

- Pneumatic Dense Phase Conveying Systems
- 50-lb Bagger for USDA/Sanitary Applications
- Moovinator Top/Horizontal Load Filter Receiver
- Dilute Phase Vacuum Conveying

EFOFF  
FLEXTOR  
MADER

- Heavy duty industrial dampers
- Wafer, diverter, slide gate, louver, poppet, radial vane, stack isolation
- Heavy duty industrial expansion joints
- Composite, non-metallic & metallic

- The world's fastest continuous motion vertical form fill seal packaging machine
- Rugged, sanitary & compact intermittent motion VFFS bag-makers
- Premade pouch & stick pack machines
- Full line integration, carton/case packing, and robotic palletizing

- High capacity, easy clean Compact Sieves for check-screening
- Round Separators for grading dry materials up to 5 fractions
- Compact 3in1 Sieve™ Bag Dump Station
- Ultrasonic Sieve deblinding system
- Rescreening Programs available

- Course to Fine Grinding
- Comil® Conical Mill
- FlexSift® Centrifugal Screener
- Scalable Lab System™

- Industrial Vacuum Cleaners
- Wet & Dry Operation
- Mobile Vacuum Systems
- Central Vacuum Systems
- Truck Mounted Vacuums
- Vacuum Rebuilding Services

- Size Reduction Equipment
- Chilsonator® Roll Compaction
- Lab Grinding Mills
- Pharma Hammermills
- Scalable Lab System™

- Fisher-Klosterman cyclone
- High efficiency venturi scrubber
- HEE-Duall wet scrubber
- CECO Filters candle filter mist elimination
- Flex-Kleen high pressure / vacuum dust collector and dust collecting systems
- Adwest thermal oxidizer & VOC abatement

- Parallel processing system for increased production and decreased downtime
- Cone Valve for automatic & controlled discharge of challenging powders
- IBC Blender for Industrial powder mixing
- IBCs for the processing, storage, transport of bulk material
- IBC based systems-filling, discharging, mixing & cleaning
